

Unity Town Office Committee Meeting		Date & Time: Wed, September 26, 2012
		Location: Firehouse
Meeting Leader: Jean Bourg Members Present: Andy Reed, Patrick Haley, Chris Rossignol Observers: Charlie Porter, Dick Booth		
Item	Discussion	Action Items
Amend/approve minutes of last meeting	Done.	
Next steps on pursuing deal on HS lot; outline a proposal	We discussed our proposal to the school board for sharing costs of demolition in exchange for donation of the property to the town. A splitting of total costs would work. Total costs include demolition, survey, deed transfer. Ideally they would do the demolition then transfer ownership. Next school board meeting is Oct. 9. The two big trees out front need to be protected.	Jean, Andy, Chris will meet with Heather on 9/27
New estimates from modular companies	Engineer from Pray's was out to look at site. Will have a new estimate on 1600 sq. ft. design soon.	Patrick will follow up with Pray's and send estimate to committee when he gets it.
Solar options	Jean contacted Revision Energy and they will come to a committee meeting with a presentation.	
General Discussion Q & A with observers
