

Agenda Comprehensive Plan Committee

January 23, 2014 at Koons Hall Room 201

There are no minutes from last meeting to review.

Notes from Sarah for the Scribes: It is important to emphasize that everything should go on the flip chart and that it is important to use people's own words - it is OK to shorten or summarize but do not re-write. If someone says, "The selectmen meet without letting anyone know" that should go up like that and not be re-written into "need to provide better notice of meetings". This is an important and very powerful aspect of the process. The facilitators and scribes need to be clear on this - we will need good accurate notes of everything that gets said.

Jean, fill us in on food? Do we need to know about any nuances?

Outreach: Success?

Do some more!

Look over the packets

Review Roles and who is bringing what

Test run of intro and outro script

PS we need to add a place to say thank-yous to people who helped: AAA Cellular (printing), Deb Dutton (binding packets), Monica, All who donated food, The college and Meg Fournier for the space

Test run small group discussions

We have new script formats. They should run more smoothly. Break group in two and run some discussions.
