

Comprehensive Plan Committee

Agenda January 30 2014 – Location: Koons Hall #201

Comments we heard from folks about the visioning session:

-Didn't know what to expect but came away feeling good and was pleased with the topics covered, and impressed with the topics covered.

-Energy was great. Nobody acted very tired

-It was amazing –I didn't expect it to be that good

-People were thankful for being invited and asked to come. Did hear one pessimistic view that 6 months down the road this will all be faded away once all the hype is over.

-Only 6-9 people left –some to go to the rabies clinic but came back.

-Good process, surprised. When asked how they heard about it: "how could you not hear about it?"

-People filled with praise for it.

-Nothing negative

-Surprised by some of the things that came up in their circle.

Our thoughts: felt like our group was gelled, rock solid, about three weeks before the event.

Next Steps: *see schedule attached*

Compile discussion notes from flip charts and participant worksheets:

1. Type verbatim *work in pairs*

2. Create summaries for each topic (sample from Gardiner included) *small group work*

There are common threads that we can pull from the verbatim results

Draft the Vision Statement

1. (during meeting) Read through anonymous member drafts
2. "Vision Drafting Team"

Let's make a point to keep the community involved!
