Don: lets open public meeting with a rank ordering of top three visions.
or priorities under visions.

Their rank ordering will determine the order that we discuss the visions in.
Each of the two meetings may discuss the visions in different order.

Jean will meet with Emily and select a few key goals for each vision. 10 am Friday.

Parking lot board for ideas that don't fit into the discussion.

Sonia: let people know it's ok to disagree or criticize.

Jim: people may say that everything costs too much.

Lori: a visual that shows the committee timeline of where the visioning session was, where this meeting is, where the committee is in the planning process would be good. If people get too specific we can point out that we are not in that phase yet.

Have lemonade, coffee and cookies available but no breaks. People can self-regulate. Don, Lori, and Sara will facilitate. Lori will send an internal document with facilitator notes. Use two scribes to write on flip boards. Ask Sherry if she could take minutes.
