

Comprehensive Plan Committee April 17, 2015

Attendance:

Jean, Emily, Don, Sara, John Mac, Mary Leaming

Discussed the forum content, flow, and timing.

Decided to remove "ag as business and economic engines" specifically where it is already part of a broader topic being discussed.

Need Sarah C or Chris H to mention that regulations affect new development in the portion of the meeting about the legal framework.

Emily - ask Noreen to speak about how different businesses affect the economics of communities.

Need to record the forum - either someone taking good notes - or audio recording. Emily will ask Wendi about audio recording of event.

Group decided that PD, as facilitators, can coordinate any facilitator tools they want (like flip charts)
